

Developmental Reading Assessment (DRA) Feature Comparison

Pearson’s Developmental Reading Assessment® (DRA™) offers educators the tools they need to observe and document student reading abilities and inform instruction. With the third edition, DRA combines decades of teacher acumen with Pearson’s test development strength to provide the premier assessment of good reading behaviors. With engaging fiction and nonfiction stories at every level, streamlined scoring rubrics, improved teacher observation forms, a brand new online platform, and updated field research, the DRA™3 is an assessment that meets the high standards of quality and rigor that reading teachers deserve.

View a side-by-side comparison of the evolution of DRA, and the benefit you’ll receive in the third edition.

Assessment and intervention

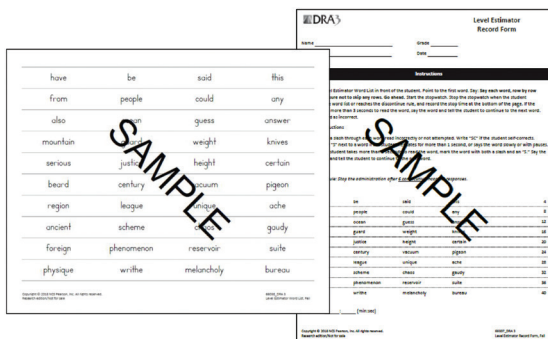

Your comprehensive DRA3 kit packaged with ALL assessment components — benchmarking, word analysis, progress monitoring, books, teacher resources, and training/implementation—all in one place!

Largest book offering

MORE brand new nonfiction and fiction texts means even more stories for each reading level.

Level estimator

New to DRA! Save time and use to quickly identify a good place to start for new students.

Online platform

Assess, score, report, maintain student records all in one place through DRA3's new online platform!

DRA's new consolidated digital offering:

- Provides educators data entry and administration in a new browser-based solution that can be used on any compatible device (e.g., laptop, desktop, or tablet such as iOS or Android)
- Offers expanded reporting options beyond those available from a paper-only assessment
- Easily captures, stores, and reports DRA3 student data at the student, class, school, district, or even state level

Training and implementation

To meet the unique needs of your school or district, we offer a variety of training options, working directly with our certified DRA3 trainers.
