

You're invited to help shape the future of a widely used behavior assessment.

**Join this opportunity and earn money!**

Children, parents, and educators are invited to participate in an exciting opportunity to contribute to the latest revision of a popular behavior assessment. Participants will not only receive compensation but also play a vital role in shaping the test that helps children thrive in their school and home environments.

## About Pearson

Pearson is the world's lifelong learning company, serving customers in nearly 200 countries. With more than 80 years of experience in the clinical testing field, Pearson's Clinical Assessment group offers innovative measures and resources that support clinical professionals and those they are called to serve. Pearson is especially well known for its assessment contributions in cognitive/ability, memory, behavior, achievement, and speech/language.

## Participant Involvement

Participants will be asked to complete digital rating forms that assess a child's behavior from three perspectives: self (child), parent, and teacher. A qualified research examiner will coordinate and provide the digital rating forms to participants directly and will be readily available to answer any questions. Participants will earn a **\$25-\$50 digital gift card** for completing the rating forms. The time to complete the rating forms will range between 25 and 35 minutes. *Compensation and the form's length will vary for children, parents, or teachers.*

## Who can participate?

Pearson Clinical Field Research welcomes *all* children and caregivers to participate. The inclusion of participants from a variety of ages, ethnic groups, and socioeconomic groups helps ensure our assessments are fair and balanced. Please note: Teacher and parent involvement will be necessary for most participants.

## A child may be selected to participate if they:

- Are between the ages of 2 and 25 years
- Can take a computerized test in a standard fashion for those ages 8 to 25 years
- Can read at approximately a third-grade reading level for those ages 8 to 25 years
